Bulblets

## HAROLD STEARNS

Gladiolus Hobbyist-Grower

21 North Second St.

ESTHERVILLE - IOWA

Soliciting your good will and satisfaction  
rather than my voluminous sales

# *Greetings to all Gladiolus Growers:*

Once again it is my desire to take this opportunity of extending to all of you my sincere best wishes for your success and pleasure derived from whatever extent of Gladiolus raising you may have attempted, also my thanks to the many for their appreciated letters and orders of the past season. While there are many meritorious varieties grown and offered for sale which we do not list, our bulb offerings for this season are again only from young stock grown on new ground for Gladiolus and the entire planting kept cut free from bloom spikes, assuring buyers of young vigorous stock consisting of several of the older varieties that are outstanding and including such of the newer ones as we have had the opportunity of trying out long enough to believe them to be dependable. I have always maintained the policy of not offering for sale those which I did not deem worthy of culture. Many listings contain a preponderance of high priced varieties while the fact is that there are many excellent varieties in each of the color classes that are inexpensive. Regardless of where you may purchase stock to make your ultimate plantings from, you should buy only young vigorous bulbs if you might expect to obtain ultimate productivity, for then when given proper attention I know of no other in the floral kingdom quite as responsive as our modern Gladiolus.

## **BUSINESS TERMS**

We aim to ship only healthy stock true to name and size and no further guarantee is implied in the sale, however, if after receiving your shipment of stock from us you might not be entirely satisfied, your purchase price will be refunded to you if you will notify us by returning shipment at once or by writing us and we shall attempt to rectify any mistakes on our part. Please do not ask that orders be filled after May first. We believe Railway Express shipments to be the better way in transportation of bulb orders and we will forward all retail orders amounting to \$5.00 and above by Express Pre-paid unless requested by the Customer to ship otherwise. On orders for less than \$5.00 you will please include .50c extra for packing and carrying charges. Extras will be included in orders according to size of order and where stock on hand permits. My stock carries Iowa State inspection certificate No. 125.

## **BULB SIZES AND SHIPMENTS**

Bulbs classified herein as Large are No. 1's (over 1½ inches) and No. 2's (between 1¼ and 1½ inches in diameter). Medium sizes are No. 3's (1 to 1¼ inches) and No. 4's (¾ to 1 inch in diameter). Small are No. 5's (½ to ¾ inches) and No. 6's which are those under ½ inch in diameter. In making up orders we attempt to make an equal representation between the two of the sizes ordered as far as possible. Packages of bulblets run from fifty to seventy-five or more, unless specifically listed as to number for a given price.

## GENERAL PRICE LIST

A list of choice new and old *Gladiolus* varieties for Growers wishing to purchase quality, hand cleaned and inspected stock. Bulbs listed herewith are all first and second year from bulblet stock and of our own growing from which flower spikes were kept removed. In securing prices I have attempted to cooperate with Originators where this was furnished me, however any items found to be out of line above those of other reputable catalogers I will furnish at their prices to the extent of my stock on hand for sale. Color and size classification is given according to listing of the North American Classification Committee. Please order just as listed and do not break amount in each item.
